ABOUT

I enjoy building applications that bring AI and web development together. My work spans computer vision, generative AI, and full-stack development, with hands-on experience using Python, PyTorch, FastAPI, and React. I also enjoy exploring cybersecurity and interactive 3D experiences for the web.

EDUCATION

MCA — Generative AI

SRM Institute of Science and Technology, Chennai 2025 – 2027 | Pursuing

BCA — Computer Applications

Women's Christian College, Chennai 2021 – 2024

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, SQL

AI / ML: Generative AI, PyTorch, Computer Vision, NLP, ResNet-50, U-Net, Grad-CAM

Frontend: React, Vite, Next.js, Tailwind CSS, Three.js, Framer Motion

Backend: FastAPI, Node.js, Firebase, SQLite

Tools: Git, GitHub, VS Code

PROJECTS

OculoCardia AI

AI-assisted retinal image analysis system for cardiovascular risk assessment, combining computer vision, deep learning, Grad-CAM explainability, and a React/FastAPI dashboard.

AI Recruitment Platform

AI-assisted recruitment platform combining a React frontend, FastAPI backend, candidate data workflows, and machine-learning components.

BeatQuest

Interactive music quiz application with genre-based quizzes, song previews, external API integration, and a responsive React interface.

Spotify Finder

React-based music search application using the Spotify Web API to find tracks, artists, and albums through a component-based interface.

EXPERIENCE

Artificial Intelligence & Machine Learning — Internship — RyniXsoft Aug 2026

- Worked on AI and ML tasks as part of a one-month internship program

Artificial Intelligence — Internship — CodeAlpha Jun 2026

- Built three NLP and generative AI tools in one internship cycle: a language translation tool, an FAQ chatbot, and a music generation system

Cyber Security — Internship — Sapience Edu Connect Jan – Feb 2025

- Analyzed phishing campaigns and wrote up threat identification reports

Full-Stack Development — Internship — InternEzy Aug – Sep 2022

- Built and shipped full-stack features with integrated data management using JavaScript and PHP
